

Skills Resources Casino Guide – Gamesys Group

In our years of online slots experience, some of the best online casino Welcome Offers and Reload Offers come from the Gamesys Group. There are 6 sites currently in the Group, all operating on the same, easy-to-use platforms, with similar but not quite the same offers.

All 6 sites have hundreds of classic, popular and own-brand, exclusive Online Slot Games, Live Casino and Casino games, and Bingo Games and Offers as well. Many of the most popular games are made by NetEnt, and SG Games.

They offer bonuses and bonus cash (in the form of Big Box Bonanza prizes, amounts awarded vary from £1 -200) with NO WAGERING, which is good for us as it saves time and gives a better return.

They have an excellent Customer Service/ Live Chat should you need any help.

The Welcome Offers are all “Wager £10 for 30 free spins” OR “Wager £10 for £30 -50 of Free Bingo”, and there are follow-up offers in the first days of joining each one.

We will be using the slots offers, not the bingo offers, as they are far more profitable and much less time consuming.

Expected Value (EV) is £7 per Welcome Offer, with another £10 -20 to be expected from subsequent no-risk reload offers, using the methods we will teach you.

They all have daily free games which award free spins or up to £750 in cash, and doing these every day gives you “Picks” at the end of the month. These Picks are used to get extra free spins. Whilst some months you may not get any spins, or wins from free spins, other months and days you do the offer you will make profit. These daily free games take under 30 seconds to do once you are familiar with them.

Verification is automated and simple, as is their banking. Withdrawals to Visa Debit are INSTANT, meaning we can withdraw profits fast, to be re-used on other Casino or Matched Betting Offers.

Whilst all the different site’s offers are broadly the same, and are quite simple to just go and complete, there are ways to maximise profit from each site, using tips and games advice you shall learn in each specific guide.

As they are the same Group, and likely have a shared Accounts/ Trading department, we will do these offers a few days apart. Each will take a week to complete all the initial, risk –free offers and if you want, some Low Risk offers.

In this guide we will look at Jackpot Joy, as advertised on TV by Paddy McGuinness...

But before we do that, let’s just revisit some general rules from the Casino Cheat Sheet...

Do's and Dont's

1. DO NOT bet or gamble what you cannot afford to lose. Never chase losses.
2. Do read the Terms and Conditions of each offer. Make sure you qualify for the offer.
3. DO NOT keep spinning after finishing the required wagering. This decreases the Expected Value (EV).
4. Do complete all offers that are EV+ even if you are losing money. Unfinished offers are a waste of time and your money.
5. Do make sure you do the right amount of spins, or you don't qualify for the offer or bonus.
6. DO check your Broadband or Mobile Data is sufficient to do offers. These are live games, so use up data similar to listening to music, or downloading movies. The last thing you need is data going before finishing an offer.

Guide 2 – Jackpot Joy

Jackpot Joy is probably the second biggest of the Gamesys Group.

Their Welcome Offer is Wager £10 on any games for 30 free spins on a popular slot game called Double Bubble. All winnings go straight to cash.

Step One

Join and register at Jackpot Joy [here](#). Verifying should be done automatically from your postcode, if not, submit whichever ID evidence is requested. Get confirmation you are verified.

On the “marketing channels contact preferences” pop up, select EMAIL only at this point. DO NOT “Select all” (email, phone, post). Reasons will be explained shortly.

Using a Visa Debit card, deposit £10.

You can select your Slot or Bingo Bonus (we choose Slots), then choose any slot or game to play, but we advise using one of the following, which all have a reasonable Return To Player rate/ RTP and are well tested...

Gonzos Quest / Megaways

Secrets of the Phoenix/ Megaways

Eye of Horus / Megaways

Fishin Frenzy/ Megaways

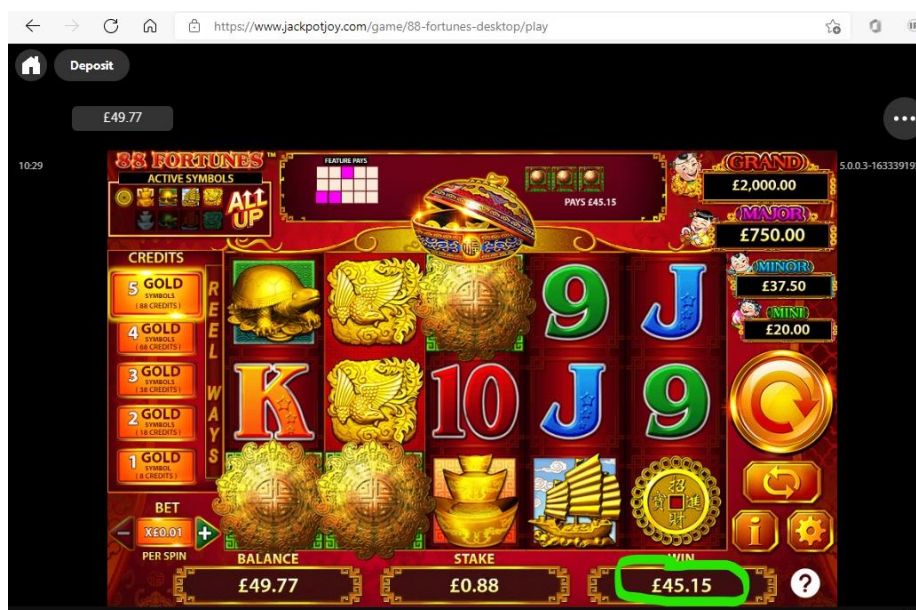

Alternately you can Google search “Jackpot Joy Best RTP Rate games” and choose one you like better.

Step Two

Once you choose your game, change the Stake to Minimum (10p or 20p), calculate the right number of spins to do £10 wagering (ie 50 x 20p, 100 x 10p spins), then do the spins manually OR use an Automouse.

Make a note of your balance (get into this practise for ALL offers).

Let the reels spin!

A win on 88 Fortunes during wagering for an offer

Hopefully you will hit a win during this £10 wagering, like in the picture above, and end up in profit. If not, you can expect to lose a few pounds. Record your profit/loss on your Log.

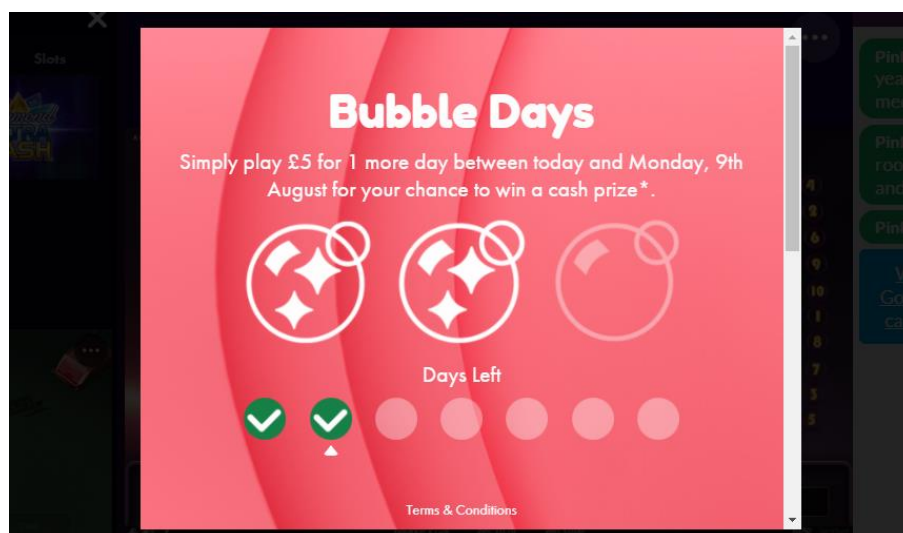

As soon as you hit £10 wagering, you will get a popup offering your 30 Free Spins on Double Bubble. Click the link.

Either use an Automouse, or manually spin through the 30 Free Spins. Record your winnings.

Step Three

You will soon receive an email and/or a popup saying “please select all marketing channels for a free Big Box Bonanza”. NOW, we sign up to receive EMAIL, POST and PHONE. Note that these companies NEVER call you, or post anything. You will get a free Big Box Bonanza worth up to £15. Open one of the 3 boxes, see how much they paid you to choose all marketing options! THIS IS FREE MONEY!

You will also see an offer in your Promotions page now, saying “Best of Three! Play £5 on any 3 days in 10 days for a free Big Box Bonanza” or words similar. You should see that Day One is now complete, as it counted the Open Offer wagering.

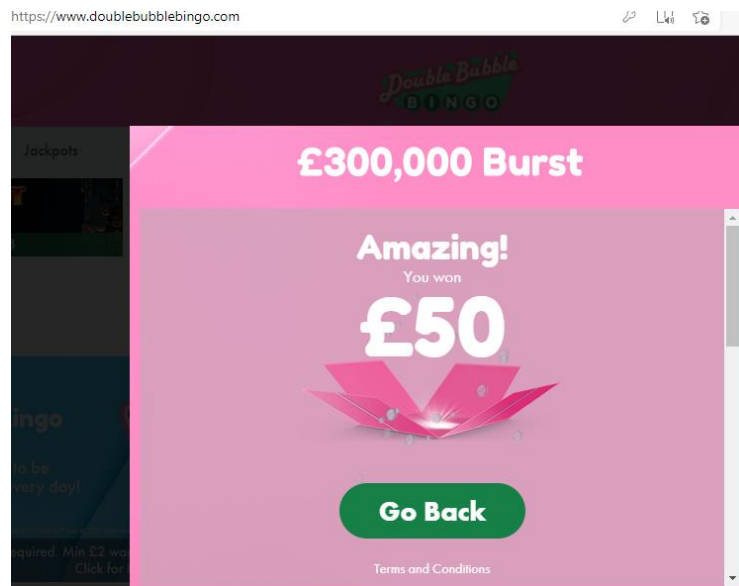

Play for 3 days for a cash prize

There will also likely be other promotions on, which are low -medium risk offers. If you are comfortable doing offers already, you may do the Daily or

Weekly Offer, whatever it may be. Typical examples are “Wager £10 for a Big Box Bonanza CHANCE worth up to £100”.

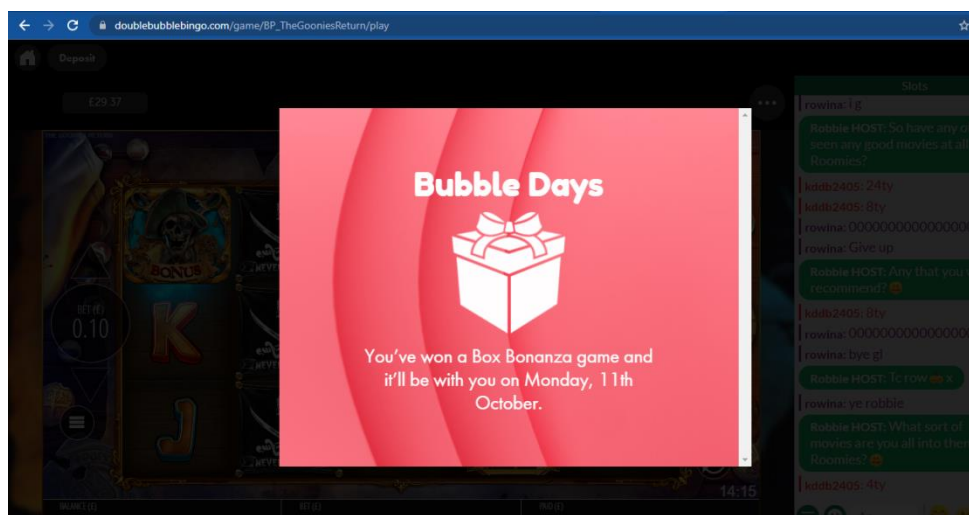

Playing these offers means you can lose on wagering, but also stand a chance of getting a Big Box, which are huge profits and do occur regularly enough to make these offers worthwhile.

£50 Big Box win after wagering £5 and making £4.60, £54.60 PROFIT..

If it is a daily offer or a weekly one that ends that day, you can do it straight away if you wish.

Or, you can do it on Day 2, when anything wagered over £5 qualifies for Day 2 of the promotion. And the same for Day 3. Once you have completed 3 days in 10 you will be awarded a Big Box worth up to £50, available after the initial 10 day period (10 days from opening the account and wagering Day One). This is also FREE MONEY.

To track the amount you are wagering then either manually count the spins then just go to Accounts>Game History, select Today, refresh.

Your wagering is easy to see, and count. Tip each page holds 20 lines, to save you time counting individually..

Check your wagering in Accounts Game History..

You will also have the Daily Free Game to play. Depending what time of the month you join, you will have accumulated “Picks” for each day of the month you did NOT play already. You can win up to £750 in cash on the Daily and Monthly Free Spins.

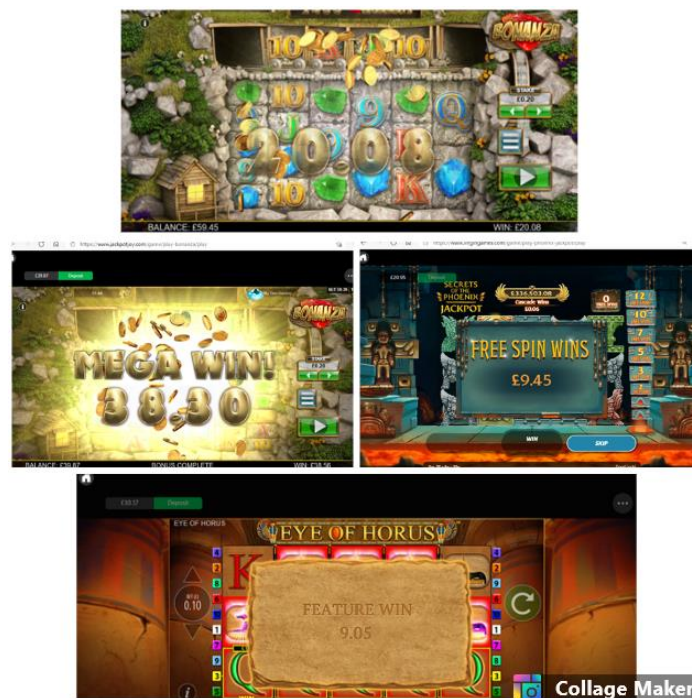

End of month free spins are free money

Use these picks on one of the four Free Games. We suggest Double Bubble Triple Jackpot as the free spin value is 25p not 20p, making better chance of profit. You will likely win 5, 7 or 10 free spins first time. Use them as you did for

the 30 free spins on Double Bubble. All winnings go to cash balance. Record and log profit.

Step Four

Either during doing the 3 days of wagering, or shortly after, you will get a Deposit Bonus offer by email and on Promotions page. Simply deposit £10 and get a free Big Box worth up to £15. Choose one of the three boxes. Instant profit. You do not need to wager the deposited cash, but it is advised to do so, on their daily offer! Record and log your winnings.

Regular ongoing Reload offers are the real earners

All your wagering wins also contribute to Joy Points, which is a Rewards Scheme which converts a point for cash wagered on site. There are free weekly offers to opt in to which can add an average of £1 a week to your balance, so these points add up.

Below you can see a summary of how the scheme works. Full details can be found on their website.

Earning Joy Points is easy. You'll earn 1 Joy Point for every £5 you win on Bingo or £20 you win on any other games excluding Craps. You only need to earn one Joy Point before you can start to convert them into cash!

What's great is that you've probably started building up your Joy Point pile already - they appear right next to your balance so have a quick look and see if you can start redeeming now

1. How to earn Joy Points: By setting up a member account, you also activate a Joy Points account in which you will generate Joy Points every time you win on any Jackpotjoy product.

2. Rate Joy Points are earned: You will earn one (1) Joy Point for every £5 you win on any bingo games or £20 you win on any non bingo games excluding Craps.

3. Redeeming Joy Points: Joy Points can be converted to cash. The minimum number of Joy Points you can convert to cash at any one time is one (1) Joy Point (which converts to £0.01). Converted cash will be credited directly into your member account.

See the Terms and Conditions on their website for full details.

You can convert them to cash (no minimum) and use on games or withdraw. Your choice with how to use these.

By this stage, you should be approximately £20 or more in profit. Perhaps a lot more from wagering or if your Big Box was a big win.

Box win of £?????...

Jackpot Joy and the other sites have many other promotions related to either Bingo, Live Casino, or just competitions within the on -screen chat rooms.

These are entirely your choice, we generally don't do them as they are too time consuming and/or risky (chat room ones and mini competitions are easy, if that's your cup of tea).

Step Five

Once you have now completed the Welcome Offer, Deposit Offer, 3-day Reload and Free Spins offer, you are now done with Jackpot Joy and can walk away, withdraw your winnings and get on to other offers.

OR, you can use them on a daily basis and, with the other sister sites, earn a few hundred pounds a month regularly.

£91... not bad for 10 minutes of "work"...

I hope this guide helps you earn as much as possible from this offer, and would be keen to hear of any Big Wins!

Until then, happy spinning and good luck winning!

Notes

1. All earnings figures are approximations based on results over 5 years doing these offers and training others to do them.
2. If you stick to our guides, follow the steps we teach, and make no errors, you will make profit.
3. Whilst it is important not to wager cash unnecessarily, of course if you have a Big Win, then using some spare cash from the profit is fine and looks natural to the traders.
4. Leave a balance of around £10 in each Gamesys account, keep withdrawals to a minimum.
